FAYETTEVILLE/GOSHEN

\$65/hour

2 hour minimum

# MEET YOUR PHOTOGRAPHER

My goal as your photographer is to make you feel as comfortable as possible, to have a good time, and to share some laughs and smiles along the way!

My photography style is focused on capturing your life as it happens, as well as adding some poses to help with photoshoot anxiety. I never get tired of the laughs and smiles and love that is portrayed through my lens, and I hope that I can bring my love for photography into your home as well.

This experience goes far beyond just the taking of the photos ---- you become a part of my story and my family.

When you invest in a photo session, you are investing in me, my value, and all the skills I have acquired to give you the best session I can. You invest in my time to be present, to capture the little moments that sometimes can go unnoticed, and to create magic for you. Most importantly, you are supporting a small business, which I am ever so grateful for.

Being a photographer is one of the most incredible things in life. Creating memories, capturing love, being let into your story, and getting a glimpse of so much love and life is why I love what I do.

Photography has always been a huge dream of mine, and now you are helping to make my dream come true.

Let's make your dreams come true too!

Ready to book? Send me an email or fill out the contact form on my website and let's get this party started!
